Vectra Bank. The Right Balance.

We've learned some valuable things from business owners over the years. First, they like working with smart people who understand banking. Second, they like working with people who *also* want their business to succeed. Sounds simple, right? But the truth is, there are very few banks who can give you both. Capability and Consideration. That's what you'll come to expect from Proactive Relationship Banking at Vectra Bank.

THE IANNONE REAL ESTATE TEAM

Working With Your Best Interest In Mind

“Stephanie and her team more than exceeded our expectations. We have bought and sold a few homes over the years and this was the first time we felt we had someone working completely for us. From the initial meetings to determine what we were searching for in our next home, to recommending inspectors, contractors and various service providers after our purchase, Stephanie was there to help us. She is extremely knowledgeable regarding the many aspects of home buying and selling, and made the process very easy. Stephanie and her team went above and beyond in many ways.”

2013 BOOKLISTS OF PUBLISHER'S NOTEBOOK

As economy recovers, Book of Lists aids growth

Look around you.
Companies are expanding. Work-
ers are finding more job opportunities.
Homes are selling. Consumers are buying.
Banks are lending.

Oh — and the views are great, too.
While many challenges remain for the
economy — especially at the national and
global levels — trends in
the Boulder Valley and be-
yond are positive. Univer-
sity of Colorado economist
Rich Wobbekind recently
has reported several
good signs for the local
and Colorado economies,
including that Boulder
has returned (finally) to its
precession employment
levels.

This milestone reflects
the diversity of our economy, with major
industries that include Internet, comput-
ers, software, health care, natural products,
bioscience, sports and outdoors, and many
others. CU and federal labs remain significant
drivers of our economy.

Business owners need to ramp up for
growth. One critical ingredient in that poten-
tial expansion is data — intelligence not only
on the competition, but also on customers
and prospects.

That's where the Book of Lists comes in.
This publication, produced annually by the
Boulder County Business Report and Biz-
West Media LLC, is packed with intelligence
on thousands of companies in Boulder and

Broomfield counties.

Perusing through this edition, you'll
find lists of the largest banks, commercial
real estate brokerages, software companies,
law firms — you name it. And those listings
include addresses, phone numbers, key con-
tacts, descriptions of products and services,
revenues and employment.

And the print edition is just the begin-
ning. Readers can also find the Book of Lists
online, in our PageTurnPro edition, where
every page is reproduced digitally. The entire
Book of Lists is also available for download
in Microsoft Excel format, via our website,
www.bcbr.com.

Early in 2013, the Boulder County Busi-
ness Report will also release a Book of Lists
app for the iPhone — the first such Book of
Lists app in the nation.

Thank you to our advertisers, and to our
chief researcher Mariah Gant for her hard
work on this project. With any endeavor of
this magnitude, errors and omissions are
possible. If you'd like to submit a company or
correction, or provide other feedback, please
contact her at mgant@bcbr.com.

Thanks also to photographer James "Bo"
Insogna, who provided the spectacular image
gracing our front cover.

As you read through this book, we're
confident that you'll turn to it again and again
(and have to retrieve it from your coworkers).
Use it properly, and it can help contribute to
your company's growth and bottom line.

440-4950 or cwood@bcbr.com.
