BOOK OF LISTS BIGGER, BETTER THAN EVER

It's bigger and better than ever.

This edition of the Northern Colorado Book of Lists — our 12th — includes more data than ever before: 115 lists including about 3,300 companies.

The research staff of the *Northern Colorado Business Report* spent the past year compiling the lists, helping make *NCBR* the go-to place for data on local businesses. The Book of Lists includes all the lists that have run in our newspaper during the course of the past 12 months. It's a great tool, whether you're researching the competition, seeking new customers or merely displaying curiosity.

In these pages, you'll find ranked lists of the largest businesses in the agribusiness sector, as well as banking, health care, hospitality, real estate, technology and many others. Lists include a wealth of data, including address, phone, fax, e-mail, Web site, product/service description, revenues, number of employees and much more.

This year's edition also includes a valuable new feature, an index to every company represented in the lists. Readers can now flip to the back of the book to see on what pages a certain company might be featured.

We want to extend our thanks to our research director, Kathleen Chaballa, and former researcher Kate Hendrickson for working so diligently on our lists throughout the year. Kathleen is constantly working to ensure list accuracy and completeness and would welcome any feedback you might have. Please contact us at 970-221-5400 to suggest a new company for a list, to submit a correction, or to recommend a new list for us to research. If your company would like to be considered for future lists, visit www.ncbr.com and click on the "Submit News or Data" link.

Please note that the Book of Lists is also available on CD-ROM, and all of our lists and directories can be accessed and downloaded via our online DataBank, also accessible at www.ncbr.com.

We also thank the sales staff of the *Northern Colorado Business Report*, whose efforts once again made this edition of the Book of Lists the single best-selling product that we publish.

We'd also like to thank our Cover Sponsor — Banner Health — as well as our Section Sponsors McWhinney and Hall-Irwin Corp.

Finally, thanks to our production manager, Bernie Simon, for our homage to the iPhone on the front cover.

Now, start making the Book of Lists work for you!

Think big | Bank small

“We’ve got a local bank that delivers as fast as we do.”

Free pick-up and delivery. Same-day turnaround when you’re in a hurry. Free button repairs, VIP clothing bags and molded hangers that are easy on your clothes... There are a hundred ways to deliver terrific service in the dry cleaning business, and Mark and Tim Burke know them all.

“Success in a growing business like ours is all about fresh ideas and constant improvement,” says Tim (left).

“Of course, we also have to do a super job on the fundamentals of cleaning and laundering,” says Mark. “That requires state-of-the-art technology — and a strong bank standing by when we need to upgrade our equipment.

At **Home State Bank**, I can get a multi-million dollar loan approved in less than 48 hours. Now, *that’s* a bank that delivers as fast as we do!”

If you’re looking for someone to take the hassle out of dry cleaning, call **Burke Cleaners**.

But if you’re looking for fast financial support to help grow your business, call

Home State Bank.

Before Adecco

After Adecco

DON'T LET THE GOOD ONES SLIP AWAY...

Monday morning 9 a.m....You are looking forward to a productive week ahead. Business has never been better. You feel great. As you take your first sip of hot coffee, your best employee knocks on the door and asks to speak to you for a few minutes. You do not like the look on her face.

She tells you that although it has been terrific working for the company—especially working for you—it's time for her to move on "to new challenges."

You've just lost your best employee—the one person you could always count on—and you didn't even have a clue that she was looking elsewhere. Here are **2 KEY** tips to retaining top employees:

- 1. Start off on the right foot, first impressions mean a great deal, and the first few days of employment are critical in terms of long-term retention.**
- 2. Don't overestimate the power of pay and 'expected' benefits. Smart employers provide their workers with non-monetary rewards and unconventional benefits that add convenience to their daily lives and render them more fulfilling.**

To sum it up, you need to put first things first. Pay people fairly, get in their hearts, and create a culture that employees want to be a part of that's greater than money.

"We have utilized Adecco for the past year and they have won us over with their quality employees and great customer service. We have enjoyed our partnership with them and would highly recommend Adecco to any company."

When it comes to construction, at Hall-Irwin we're uniquely equipped to handle it all.

We've been the preeminent provider of land development along the Front Range since 1963. But we can also seamlessly assist you with landscaping, lotscaping, slurry walls, water storage, commercial construction—you name it. This comprehensive approach affords you significant cost savings, a single point of contact and accountability, not to mention better quality and scheduling control, too.

Of course, just because we're capable of bringing you a complete CM/GC turnkey solution, doesn't mean you have to use us that way. In fact, if you'd like separate bids on say pipe, erosion control and building that office building on the corner, we'd be more than happy to oblige.

So when you need a little construction help or a lot, just give us call.

Fort Collins, Colorado

Kim, Jeff and the rest of the employee-owners of New Belgium Brewing would like to thank the following for making our folly possible: the inventor of the bike, the Cache la Poudre River, our farmers and maltsters, the energy-stingy Merlin brew kettle, our five proprietary yeast strains, the Wyoming wind, the gazillion hard-working microbes in our water treatment facility, our bio-generator, anyone who lives like there is a tomorrow, and everyone who enjoys our beer.

We recycle almost everything

We Take Your Future to Heart

Heart Center of the Rockies, the region's premier heart center, has been helping people achieve optimum heart health since 1978. Over the years we've grown from a small Fort Collins clinic to a 20-physician practice that now sees more than 21,000 patients a year. We offer a comprehensive range of services from prevention and testing to surgery and rehabilitation.

In addition to our 17 clinics throughout Northern Colorado, western Nebraska and southern Wyoming, we see patients at area major hospitals including, Medical Center of the Rockies, Poudre Valley Hospital and Regional West Medical Center in Scottsbluff.

Together, we hope to improve the lives of those with cardiovascular disease, raise awareness of its causes and make it much less common for future generations.

Colorado's Best Master Planned Community.

*As rated by
"Where To Retire"
magazine.*

Water Valley is one of those rare places that often times doesn't show up on the radar screen. Not because it's out somewhere on the edge of civilization, but rather because it's so unique that it doesn't fit into the standard concept of what one would expect to find in a Northern Colorado front range residential community. Barely 10 minutes east of I-25 and situated between the cities of Fort Collins, Loveland and Greeley, Water Valley offers unprecedented new home buying opportunities from condominiums in the mid-\$100,000s to estate lakefront residences over \$2 million. And in 2008 the Good Samaritan Senior Living Resort will open. Every home comes with an array of amenities including 27 holes of championship golf, 5 recreational lakes, acres of sandy beaches, miles of jogging and biking trails and a clubhouse and pool with views beyond compare. If there was ever a residential community that has it all...

Water Valley is the place!

INNOVATIVE REAL ESTATE BROKERAGE & DEVELOPMENT

OUR HISTORY AND OUR VALUES

Don Marostica and Eric Holsapple founded Loveland Commercial in 1996 as a real estate development and brokerage company with the vision to improve the quality of developed Northern Colorado and continue to make it an excellent place to live and do business. Today, we are a hands-on company, specializing in:

- Real estate brokerage
- Land development and area redevelopment
- Real estate investments
- Property management
- Tenant representation

The economic vitality of our region is critical to the success of our customers, which makes it critical to our success as well. That's why we continually invest in and develop projects and organizations such as the Northern Colorado Economic Development Corporation (NCEDC) and the Loveland Commercial Endowed Chair of Real Estate at Colorado State University that will keep our community growing.

“Our priority list is short: Take care of customers first.”

“Admittedly, our action list is a little longer.

Build relationships

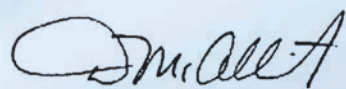

founded on integrity and trust.

Develop financial products

based on choice and value.

Use technology

to power products and empower people.”

Darrell McAllister
CEO and Chairman of the Board

Real-world, what does that mean for our customers?

Real-world, it means taking care of our customers' financial needs with unique products like ChoiceRewards Checking and ChoiceRemote Deposit.

And, real-world, it means taking care of our customers' safety and security by footing the bill to protect them against identity theft through ChoiceSecure. ChoiceSecure provides turnkey resolution if one of our personal checking account customers is a victim of identity theft.

This is today's short list. Call us. The list of choices gets longer every day.
