# 2011 Book of Lists puts vital business data at your fingertips

When you need comprehensive data on the companies that shape the Northern Colorado economy, there's only one place to turn: *The Northern Colorado Business Report Book of Lists*.

This book brings together in one place the ranked lists that have appeared in each and every issue of *NCBR* throughout 2010. Whether you are looking for the largest agricultural equipment dealers or the top Web designers, you will find them here.

What can you do with all this information? If you are a job seeker, you'll find out the top executives at each firm, along with contact information. If you are a local business owner or company executive, you'll be able to see at a glance how your industry leaders have weathered the Great Recession. And if you are simply interested in a snapshot of business in Larimer and Weld counties, here is the data you need.

The 120 lists between these covers encompass thousands of facts, figures, names, addresses and online contact information for hundreds of businesses in dozens of economic sectors. Each list is presented as it was originally published in *NCBR* and tagged with the date it appeared, indicating that the information on the list was accurate as of that date. Any changes or updates to the information since the original date of publication are reflected in the online version of the lists available through our DataBank at [www.ncbr.com](http://www.ncbr.com).

One of the most useful features of the Book of Lists is the alphabetical index of every company in the publication. Flip to the back of the Book to find the exact page number where a particular company appears.

I want to thank our Chief Researcher Ross Manley for the incredible job he has done wrangling the data for his first Book of Lists. Ross has been working not only to ensure the accuracy and completeness of all of *NCBR*'s data, but has also begun to streamline and modernize the way in which it is gathered. This should allow us to reach out to even more businesses in the region and to pull together deeper data from each for next year's lists.

Ross would welcome any feedback you may have on the lists. Contact him at 970-221-5400, ext. 213, or via e-mail at [rmanley@ncbr.com](mailto:rmanley@ncbr.com), to suggest a new company, to find out how to submit an update or to recommend a new list for us to research in the coming year.

I would also like to thank the entire staff of *NCBR* for their work on The Book of Lists. This is our biggest annual project — next to Bixpo — and it truly takes a team effort to put it together. It is also our single best-selling product, and can be found on bookshelves and coffee tables in offices throughout the region, for good reason. Readers tell us they refer to it over and over — on average five times a year — to find the data they need to succeed.

For those of you who rely upon direct marketing to prospect for business, please note that the Book of Lists is also available on CD-ROM for only \$195, a cost-effective way to begin building your own database. In addition, all of our lists and directories can also be accessed and downloaded online at [www.ncbr.com](http://www.ncbr.com) by subscription only.

Finally, a sincere thank you to all the advertisers who are part of this year's Book of Lists. We couldn't do it without you.

*Jeff Nuttall*

## “The secret ingredient in our Sunset Stout? The SBA loan that got us started.”

Colin and Shannon Westcott have introduced something new to craft brewing in Fort Collins. At **Equinox Brewing** beer lovers can sample hand-crafted ales and lagers in a shaded beer garden, and then go next door to **Hops and Berries** for the recipe and all the supplies needed to brew the same beer at home.

“Our dream was to brew premium, boutique beers and share our expertise with beer-lovers,” says Colin. “Thanks to the SBA loan that **Home State Bank** provided, our dream has come to life.”

“We really appreciate the low rate on our SBA loan,” says Shannon. “Home State Bank made the whole process easy. And Kathe set up our construction loan so we’d pay low, interest-only payments until we opened for business. That helped a lot!”

If you’d like to sample the incredible flavor of a fine, small-batch beer, visit Colin and Shannon at Equinox Brewing. But if you’re looking for an SBA-backed loan to start or expand your business, call the SBA lending experts. At Home State Bank.

### Who can you trust? What advice should you trust? How is trust earned?

For over a century, trust has been a hallmark of the CPA profession. In turbulent economic times, trust can be hard to come by. At Mueller & Associates, CPA, LLC, we don't manage investments, sell insurance or market software. That way, you can trust that our tax and accounting advice is solely in your best interests.

## Tell them you're one of the good guys.

### Eliminate the guesswork for consumers.

Now more than ever, consumers are carefully checking out businesses before spending. The BBB trustmark beside your company gives consumers confidence—and provides you with a powerful competitive edge.

7 in 10 consumers say they would be more likely to buy from a company designated as a BBB Accredited Business.

*2007 Princeton Research Findings*

### You're in good company with the Better Business Bureau.

Instantly communicate your ethical track record—through the BBB. As a BBB Accredited Business, you can freely display the well-known trustmark, take advantage of online tools that drive consumers to your business, stretch your marketing dollars through BBB outreach efforts and, if you qualify, participate in our Pinnacle workers' comp group. And that's just the beginning.

### See if you make the grade.

If your firm is already top drawer, maximize your bottom line by becoming a BBB Accredited Business.

# Recognized as a Top 10 Health System for Patient Care.

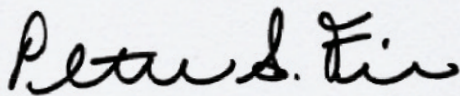

## To the northern Colorado Business Community:

Banner Health was recently recognized as a top 10 health system for clinical performance (patient care) by Thomson Reuters—the only health system in Colorado to receive this recognition out of the 255 systems analyzed nationally. Naturally, we are very proud of this distinction.

As Banner Health's leader, it's extremely important to give credit for this honor where it's clearly due – to the outstanding staff and physicians who are dedicated to our nonprofit mission of excellent patient care at all Banner Health hospitals. After all, a top health system is made up of top hospitals.

I want to recognize and thank our Banner Health colleagues for the superb patient care they provide at North Colorado Medical Center in Greeley, McKee Medical Center in Loveland, East Morgan County Hospital in Brush and Sterling Regional MedCenter in Sterling. Their commitment to patients is an essential part of Banner Health being named a top 10 health system.

Sincerely,

Peter S. Fine, FACHE

BRINGING YOUR MESSAGE CLOSER TO YOUR MARKET

## Breast Cancer Myth #1:

*“Breast cancer’s not in my family, so I’m not at risk.”*

### Fact:

Most breast cancers are spontaneous – meaning there’s no family history or genetic link.

## Breast Cancer Myth #2:

*“I’m too young to get breast cancer.”*

### Fact:

Women at all ages are at risk for breast cancer. While it’s true that breast cancer risk increases as you age, the fact is that many women under the age of 50 are diagnosed with the disease.

## Breast Cancer Myth #3:

*“I lead a healthy lifestyle, so I’m not at risk for breast cancer.”*

### Fact:

Healthy women get diagnosed with breast cancer every day. No activity or intervention is 100% guaranteed to prevent breast cancer.

Stay committed to positive lifestyle behaviors, but know that mammography is key to breast health and early detection.

Screening mammography saves lives. We support the American Cancer Society guidelines for annual screening mammography to begin at age 40 for women at average risk for breast cancer.

We offer the latest digital technology with convenient locations in Fort Collins and Loveland. Same week appointments typically available.

We thank Gwen, Marta and Vikki - local breast cancer survivors committed to raising awareness and helping other women know the facts about breast health.
