Who's Who honorees take field to lead their industries, economy

PUBLISHERS' NOTE

Identifying the key players who drive Northern Colorado's economy is like fielding a football team from among thousands of individuals in a stadium. The region's 500,000-plus population includes many who contribute within their particular company and industry, in government, or in supporting civic causes.

But some individuals display extra leadership by taking to the field. They manage their companies to prominence, volunteer their time to nonprofit and business organizations, or enter the public sector. These are the leaders we have attempted to identify in Who's Who in Business.

Who's Who is one of the largest and most-difficult research projects that we undertake at the *Northern Colorado Business Report*. Our researchers — Kathleen Chaballa and Kate Hendrickson — spent countless hours working with our editorial staff to identify key players in various sectors. We then submitted those names to panels of judges who added to the list, then voted within their particular areas of expertise.

This year's Who's Who in Business includes several changes from previous editions. We've broken out Education, Government and Nonprofits as their own categories, for example.

Additionally, we've clarified how we select people who serve on boards of directors of local chambers of commerce, economic-development agencies, and other such organizations. Board members for such organizations

are automatically included in our new Business Organizations category.

These changes should help make Who's Who in Business a valuable resource for you throughout the year, with nearly 800 individuals highlighted.

As you peruse these pages, please take a moment to note the many advertisers who made this project such a success. We're particularly grateful to our sponsor: American Valuation Services, Inc.

And don't forget to send any comments or suggestions to Kathleen at kchaballa@ncbr.com.

See you at the 50-yard line!

In Touch With Your Business... In Touch With You.

Helping You Do What You Do Best - Even Better!

**We're a community bank with community people
 and over 50 years of experience in Northern Colorado.**

As a young business person my most influential mentor taught me what to look for in a bank. "Find a banker that can do more than just say yes or no to a loan request" he told me. "Find one that comes out to your place of enterprise, to better understand your business. One that shares his or her intellectual capital with you freely, one that can be a contributor to your success". At Western States Bank I found those type of bankers.

Feeling overly tired?

It may be time to wake up.

Sleep-related issues are more serious than you think.

When you don't sleep well during the night, your body cannot function at its peak. While you immediately feel the impact of physical and mental exhaustion, there are other more serious issues that can have a long-term effect on your health.

Are you one of millions of Americans going undiagnosed?

If you identify with one or more of the statements below, you may be suffering from a serious but treatable sleep disorder.

- I CAN NEVER SEEM TO FULLY "WAKE UP"
- I HAVE TROUBLE CONCENTRATING DURING THE DAY
- I WAKE UP IN THE NIGHT GASPING FOR BREATH
- MY FAMILY MEMBERS COMPLAIN OF MY SNORING
- IT IS DIFFICULT FOR ME TO FALL ASLEEP AT NIGHT

Don't wait until it's too late. When sleep becomes an issue, it's time to wake up. A simple sleep study conducted at our highly innovative sleep center can provide specific answers to your individual sleep needs.

Call the Sleep Center of the Rockies™
toll-free at 1.866.MY.SLEEP
 to learn how you can return your sleep patterns to a normal state.

Feeling overly tired?

It may be time to wake up.

Sleep-related issues are more serious than you think.

When you don't sleep well during the night, your body cannot function at its peak. While you immediately feel the impact of physical and mental exhaustion, there are other more serious issues that can have a long-term effect on your health.

Are you one of millions of Americans going undiagnosed?

If you identify with one or more of the statements below, you may be suffering from a serious but treatable sleep disorder.

- I CAN NEVER SEEM TO FULLY "WAKE UP"
- I HAVE TROUBLE CONCENTRATING DURING THE DAY
- I WAKE UP IN THE NIGHT GASPING FOR BREATH
- MY FAMILY MEMBERS COMPLAIN OF MY SNORING
- IT IS DIFFICULT FOR ME TO FALL ASLEEP AT NIGHT

Don't wait until it's too late. When sleep becomes an issue, it's time to wake up. A simple sleep study conducted at our highly innovative sleep center can provide specific answers to your individual sleep needs.

Call the Sleep Center of the Rockies™ toll-free at 1.866.MY.SLEEP
 to learn how you can return your sleep patterns to a normal state.

The Imaging Center

It's not just an imaging center. It's a choice.

We are open 7:30 am to 8:00 pm Monday-Friday, & Saturday mornings

Our services include:

- X-Rays • CT • Virtual Colonography • Ultrasound
- MRI • MR/CT Cardiac • MR/CT Angiography

Since 2000, Harmony Imaging Center has provided the most comprehensive, highest quality medical imaging in the Fort Collins area. Now we are able to bring this same high standard to our new location next to Medical Center of the Rockies, in Loveland.

With a new location comes a new name. Harmony Imaging Center is now the Imaging Center at Harmony while the new Loveland facility is the Imaging Center at Centerra. Both are equipped with the latest technology and staffed by the same excellent technologists and radiologists you've come to trust.

You will receive the most technologically advanced imaging care available, scheduled at times that fit their busy lifestyles.

We Turn Lives Around ...with your help!

Did you know that Colorado ranks in the highest category for children 12 & over who abused drugs in the past year?*

*SAMHSA 2005 National Survey on Drug Use & Health

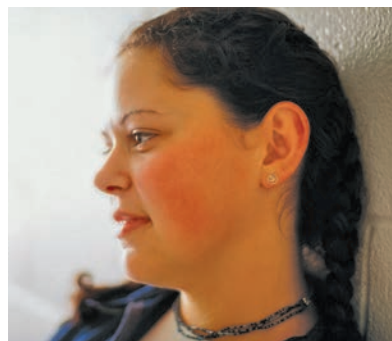

Turning Point's goal is to provide a high quality, structured and therapeutic environment that focuses on helping at-risk youth and their families find the path to healthier and safer lives.

"Turning Point gave me hope, tolerance and sobriety as well as a good, solid foundation for education."

Turning Point client

"Turning Point truly helped me in ways that no one else could. The chapter of my life at Turning Point is one I will never forget because I was given the opportunity to get sober and begin the process of dealing with life on life's terms."

Connecting Point

The Company We Keep

GLH Construction has utilized Connecting Point's expertise in our computer systems for many years. In our business, down time is not an option, and Connecting Point has designed our Network with off-site replication in the event of a disaster, thus allowing us access to our information the same day. We utilize their managed services for proper security protection of our data, and when we need help we call their help desk for the on-site engineers to keep our systems running smoothly, just like our machinery in the field."

Joe Schumacher, Civil Engineer GLH Construction, Inc.

When it comes to construction, at Hall-Irwin we're uniquely equipped to handle it all.

We've been the preeminent provider of land development along the Front Range since 1963. But we can also seamlessly assist you with landscaping, lotscaping, slurry walls, water storage, commercial construction—you name it. This comprehensive approach affords you significant cost savings, a single point of contact and accountability, not to mention better quality and scheduling control, too.

Of course, just because we're capable of bringing you a complete CM/GC turnkey solution, doesn't mean you have to use us that way. In fact, if you'd like separate bids on say pipe, erosion control and building that office building on the corner, we'd be more than happy to oblige.

So when you need a little construction help or a lot, just give us call.
